

# October Garden News 2024

10/7/2024

Hello Gardeners!

It's that time of year to close down the gardens for the season. We hope you had a good experience and your harvest was bountiful! If not, there's always next year! Please collect your plants and personal items by **October 18**.

**The Gardens will close for the season at 3:00 PM on Friday, October 18**

Water will be turned off and the lines will be blown out in preparation for winter. Please remove your plants and all personal items such as hoses, boards, fencing, metal/wood stakes, wagons, shoes, buckets, tools, etc.

**FRONTIER GARDENERS:** As communicated earlier, pumps #1 and #2 will be investigated as soon as the gardens close for the season. Irrigation staff will be trenching the area to resolve the underground leaking.

**Only biodegradable plants, stems and leaves can remain. Any personal items left after October 18 will be disposed. The Park District is not responsible for left items after October 18.**

Registration for next year will be emailed to you in mid-January with instructions on how to retain your current plot and the garden rules.

If you know you will not be coming back next year, please give me a call or send me an email with your name and garden plot location.

Thank you and have a great Autumn!
